

Table of Contents

Chapter 1: Using the Watershed Approach to Manage Natural Resources	1-1
Introduction.....	1-1
The Watershed Approach.....	1-1
Forming a Local Watershed Partnership.....	1-4
The Watershed Management Plan.....	1-6
<i>The Importance of Developing a Watershed Management Plan..</i>	1-6
References.....	1-8
Chapter 2: Forming a Watershed Partnership	2-1
History of Watershed Groups in Arkansas.....	2-2
The Arkansas Watershed Advisory Group and Watershed Planning.....	2-2
Development of a Watershed Partnership.....	2-2
<i>Getting Started</i>	2-3
<i>Planning and Technical Assistance</i>	2-3
<i>Stakeholder Participation</i>	2-5
<i>Watershed List of Concerns</i>	2-5
<i>Developing a Mission Statement</i>	2-6
<i>Formation of Bylaws for a Nonprofit Group</i>	2-6
<i>Follow Up</i>	2-6
<i>Technical Advisory Group</i>	2-6
<i>Nonprofit Status</i>	2-6
<i>Forming a Nonprofit Organization</i>	2-7
<i>Funding</i>	2-8
<i>Budgeting</i>	2-8
<i>Assistance from the ADEQ Watershed Coordinator</i>	2-9
<i>Summary</i>	2-9
References.....	2-11
Chapter 3: Watershed Characteristics and Water Resource Quality	3-1
Watershed Boundaries.....	3-3
Arkansas Watersheds, Hydrologic Unit Codes, and Hydrologic Unit Areas.....	3-3
Determining Watershed Boundaries.....	3-5
Watersheds That Cross State Lines.....	3-6
Indicators of Water Resource Quality.....	3-7
Water Quality.....	3-7
Water Quantity.....	3-7
Characteristics of the Water Resource.....	3-7
Hydrology.....	3-7
Surface and Groundwater Relationships and Stream Categories.....	3-8
Flooding.....	3-9
Water Supply.....	3-10
Natural Features of Your Watershed.....	3-11
Geology.....	3-11
Soils.....	3-11
Groundwater.....	3-11

Major Land Resource Areas of Arkansas.....	3-13
116A—Ozark Highland.....	3-13
117—Boston Mountain.....	3-14
118—Arkansas Valley and Ridges.....	3-14
119—Ouachita Mountains.....	3-14
131—Southern Mississippi Valley Alluvium.....	3-15
133B—Western Coastal Plain.....	3-15
134—Southern Mississippi Valley Silty Uplands.....	3-15
135—Alabama, Mississippi, and Arkansas Blackland Prairie...	3-16
Wetlands.....	3-16
Wetlands in Arkansas.....	3-16
Riparian Ecosystem.....	3-18
Fauna.....	3-18
Land Use and Its Affect on Water Resource Quality.....	3-18
Point Source and Nonpoint Source Pollution.....	3-20
Groundwater Use, Pollution, and Depletion in Arkansas	3-20
Critical Groundwater Areas.....	3-22
Unsewered Areas.....	3-23
Major Land Uses in Arkansas.....	3-24
Agriculture.....	3-24
Timber Harvest.....	3-25
Urbanization and Impervious Cover.....	3-26
Arkansas Water Quality Standards and Ecoregions.....	3-29
Water Quality Standards for Arkansas.....	3-29
Arkansas' Six Major Ecoregions.....	3-31
The Delta Ecoregion.....	3-31
The Gulf Coastal Plain Ecoregion.....	3-33
The Ouachita Mountains Ecoregion.....	3-34
The Arkansas River Valley Ecoregion.....	3-34
The Boston Mountains Ecoregion.....	3-35
The Ozark Mountains Ecoregion.....	3-35
Summary.....	3-36
References.....	3-37
Chapter 4: Determining the Cause and Source of Watershed Problems.....	4-1
Identifying Problems.....	4-1
Diagnosing Problems and Identifying Sources.....	4-5
Estimating Pollutant Loading.....	4-5
Total Maximum Daily Load (TMDL) and the 303(d) List.....	4-10
Estimating Sediment Loads to a Waterbody.....	4-11
Surface Sediment Delivery.....	4-11
Streambank Erosion.....	4-12
Water Quality Models.....	4-12
References.....	4-13

Chapter 5: Setting Goals and Developing Solutions	5-1
Identify Potential Solutions.....	5-1
Reducing Point and Nonpoint Source Pollution.....	5-1
Using BMPs on a Watershed Basis to Reduce Nonpoint Source Pollution.....	5-2
Stream Restoration and Protection.....	5-3
Indicators and Monitoring.....	5-3
Setting Goals for the Watershed.....	5-3
Setting Objectives.....	5-4
References.....	5-9
Chapter 6: Implementing the Watershed Management Plan	6-1
Components of the Watershed Management Plan.....	6-1
Activity Time Line.....	6-1
Funding.....	6-3
Public Awareness and Education.....	6-4
Measuring Success and Making Adjustments.....	6-5
References.....	6-6
Chapter 7: Resources for Watershed Groups	7-1
Federal Resources.....	7-1
State Resources.....	7-8
Organizations in Arkansas.....	7-19
Local Resources.....	7-23
Resources from the Internet.....	7-23

Appendices	A-1
1.1 Model Bylaws.....	A-3
1.2 Nonprofit Incorporation.....	A-7
1.3 Forming a Nonprofit Organization.....	A-8
2. NPS Funding in Arkansas.....	A-9
3. Contact Information for Arkansas Resources.....	A-12
4. Stream Segment Survey.....	A-16
5. Sources of Information for Watershed Action Planning.....	A-21
6.1 Arkansas Environmental Law.....	A-23
6.2 ADEQ Brochures, Reports, and Databases.....	A-26
6.3 Arkansas Water Quality Standards and Designated Uses.....	A-30
7. Arkansas Watershed Advisory Group.....	A-31
8. Lake Fayetteville List of Items to Be Accomplished.....	A-35
9. Project Evaluation.....	A-36
10. Conservation Districts of Arkansas.....	A-37
11. Arkansas Watershed Group Contacts.....	A-40
12. Major Watersheds in the United States.....	A-41
13. Hydrologic Unit Codes in the United States (Planning Matrix).....	A-42
14. Water Quality Goals Worksheet and Timeline.....	A-43
15. Watershed Models.....	A-44
16. Bayou Bartholomew Short and Long Term Strategies.....	A-47
17. Outline of a Watershed Action Plan.....	A-74
Glossary.....	A-75
Acronyms.....	A-82
